Experience

UX UI Designer
@Docuware
`SaaS` `MUNICH, GERMANY`

UX UI Designer @2023, February // **Nowadays**

Led the creation of Docuware's design system, driving brand redefinition and user-centered digital experiences. Collaborated with cross-functional teams, conducted user research, and mentored designers to maintain and evolve the system in line with brand guidelines and design trends.

> Working as a freelancer,
> part-time in LATAM timezone

Senior Art Director
@Beabstracto
`AGENCY` `PART-TIME` `REMOTE`

Senior Art Director @2020, September // **Nowadays**

As an Art Director, I **led a diverse range of creative projects for SMEs in São Paulo and Bolivia**, developing brand identities, managing a multidisciplinary team, and creating tailored advertising campaigns.

Senior UX UI Designer @2019, January // 2020, September

Defined UX processes and delivered user-friendly websites and landing pages for SMEs in São Paulo, Brazil. Standardized design practices, creating engaging online experiences, and conducting user research to ensure our solutions were both intuitive and visually appealing.

UX Lead
@Izz.ai
`AGENCY` `MUNICH, GERMANY`

UX Lead @2021, October // 2023, February

As UX Lead at izz.ai, I played a crucial role in delivering on-demand SaaS solutions, catering to the B2B market, and supporting both SMEs and Enterprises across Europe, particularly in Germany.

//izz.ai //Mer Eco //GS Machining //flexi-bar

Application Engineer
@Siemens
`POWER GENERATION` `SAO PAULO, BRAZIL`

UX Lead @2016, November // 2021, October

At Siemens, my dual expertise in design and application engineering played a pivotal role in ensuring that our power generation products weren't just technologically advanced, but also user-friendly and intuitive.
